2.A. **Process for Monitoring Implementation**: Describe how the LEA will <u>ensure that the interventions it implements</u>, including but not limited to the interventions implemented under Section 2001 (e) (1) of the ARP Act to address the academic impact of lost instruction time, <u>will respond</u> to the academic, social, emotional, and mental health needs of all students, and particularly those students disproportionately impacted by the COVID-19 pandemic, including students from low-income families, students of color, English learners, children with disabilities, students experiencing homelessness, children in foster care, and migratory students.

Description: The Nemo Vista School District plans to implement numerous strategies to combat learning loss that may have been suffered over previous years. Data has shown that our students, particularly the ones disproportionately impacted by the COVID-19 pandemic have experienced significant deficiencies in reading. By purchasing new state recommended reading series and the addition of a reading interventionist we hope to overcome these challenges. It is the goal of NVSD to ensure that all students have an abundance of resources that will allow them the greatest possibility of success.

2.B. **Process for Evaluating Implementation:** Please describe how the LEA will <u>evaluate</u> the effectiveness of these interventions.

Evaluation: NVSD will regularly monitor student growth and achievement to ensure that interventions are effectively serving our population. Evaluation methods will include quarterly screeners, ACT Aspire results, and monitoring from principals and facilitators.

3. **Supporting Educator and Staff Stability and Well-Being:** Determine if ARP funds will be used to support educator and staff stability and well-being consistent with Section 2001 (e) (2) of the ARP Act.
