Unexcused Absences

Absences not defined above; do not having have an accompanying note from the parents, legal guardian; person having lawful control of the student; or person standing loco parentis; or have an accompanying not that is not presented or uploaded in within the timeline required by this policy; shall be considered as unexcused absences. Students with more than eight (8) unexcused absences in a course in a semester may not receive credit for that course. Students in grades 9-12 who have more than eight (8) unexcused absences in a specific class period could potentially lose credit for that course at administration discretion. At the discretion of the principal after consultation with persons having knowledge of the circumstances for the unexcused absences, the student may be denied promotion or graduation. Excessive absences shall not be a reason from expulsion or dismissal of a student.

When a student exceeds the eight (8) excused absences per semester and no conference has been held with the building level administrator, these day will be considered unexcused. The principal will contact the parent, guardian, or person in loco parentis to inform them of the policy and schedule a conference with parent, guardian, or loco parentis and/or student. If the absences continue with no preapproved circumstances, the building principal will send a letter to the parent, guardian, or person in loco parentis and the prosecuting attorney will be notified.

At any time prior to when a student exceeds the number of unexcused absences permitted by this policy, the student or his/her parent, guardian, or person in loco parentis may petition the school or district's administration for special arrangements to address the student's unexcused absences. If formal arrangements are granted, they shall be formalized into a written agreement which will include the conditions of the agreement and the consequences for failing to fulfill the agreement's requirements. The agreement shall be signed by the student, the student's parent, guardian, or person in loco parentis, and the school or district administrator or designee.

It is the Arkansas General Assembly's intention that students having excessive absences be given assistance in obtaining credit for their courses. Therefore, at any time prior to when a student exceeds the number of unexcused absences permitted by this policy, the student, or his/her parent, legal guardian, person with lawul control of the student, or person standing in loco parentis may petition the school or district's administration for special arrangements to address the student's unexcused absences. If the formal arrangements are granted, they shall be formalized into a written agreement which will include the conditions of the agreement and the consequences for failing to fulfill the agreement's requirements. The agreement shall be signed by the student; parentis; and the school or district administrator or designee.

Students who attend in-school suspension shall not be counted absent for those days.

Days missed due to out-of-school suspension or expulsion shall be unexcused absences.

Students of the Month for September

- **Hannah Thomas** was chosen for her citizenship and effort in Fall Festival preparation and working the Escape Room. Hannah showed up every day ready to work, brought materials from home, and proved herself to be a self-starter when it came to getting the job(s) done! She worked well with the team and was very patient and understanding. We are proud of her Role Model Characteristics!
- **Sylence Philpott** was chosen because she is always upbeat and speaks to her teachers on the way into the classrooms! She is always willing to help other students!
- **John Stark** was chosen for his outstanding politeness and attentiveness in class! He always opens a door, thanks you for the smallest things, and always says “yes ma’am”. He is never unkind or disrespectful in any way. He is a picture of what a great student should be!
- **Aubrey Freeman** was chosen for her tireless work at the Fall Festival to make sure everything was running smoothly and that all people were getting ready to participate. She had a positive attitude the whole night (even when she had to go without food for a whole). We need more hard working students like Aubrey!
- **Brianna Wendt** was chosen because she is always so helpful. She does anything and everything she is asked, and she does it cheerfully.
- **Jax Andrews** was chosen because he goes above and beyond when not asked. He looks at the situation and has foresight to problem solve and take the next step even if it’s a task that other students do not want to do.
- **Kelsey Howard** was chosen because she motivates her peers and helps out wherever is needed in athletics and FFA. She doesn’t sugar coat anything and is always straight to the point, which is a great trait to have nowadays.
