

4.41-- PHYSICAL EXAMINATION OR SCREENING - School Board Policy *—Form in Tear-out section*

Nemo Vista conducts routine health screenings such as hearing, vision, scoliosis, and height/weight measurements (BMI) due to the importance these health factors play in the ability of a student to succeed in school. The exams or screenings are intended to detect defects in hearing, vision, or other elements of health that would adversely affect the student's ability to achieve his/her full potential.

The rights provided to parents under this policy transfer to the student when he/she turns eighteen (18) years of age.

Except in instances where a student is suspected of having a contagious or infectious disease, parents shall have the right to opt their student out of the exams or screenings by using form 4.41F or by providing certification from a physician that he/she has recently examined the student.
