

## 5.21 -- ACCELERATED LEARNING COURSES

### Definition:

“Accelerated learning” means an organized method of learning that enables a student to meet individual academic goals and graduation requirements while pursuing higher levels of skill development, including without limitation the following coursework:

1. A College Board Pre-Advanced Placement and Advanced Placement (AP) course;
2. An International Baccalaureate (IB) Diploma Program course;
3. A Cambridge Advanced International Certificate of Education course;
4. A concurrent credit course; and
5. A substantively similar course or program approved by the Division of Elementary and Secondary Education (DESE).

Students in grades seven through twelve (7-12) who take accelerated learning courses or other courses approved for weighted credit by the Division of Elementary and Secondary Education (DESE) or the Division of Career and Technical Education (DCTE) shall be graded according to the following schedule:

A = 100 – 90

B = 89 – 80

C = 79 – 70

D = 69 – 60

F = 59 and below

For the purpose of determining grade point averages, the numeric value of each letter grade shall be:

A = 5 points

B = 4 points

C = 3 points

D = 2 point

F = 0 points

For a student to be eligible to receive weighted credit for an AP, or IB course:

- The course must be taught by an Arkansas licensed teacher who has received the appropriate training required by the appropriate accrediting organization; and
- The student takes the applicable AP or IB examination after completing the entire course. Credit shall be given for each grading period during the course of the year, but shall be retroactively removed from a student’s grade for any course in which the student fails to take the applicable exam. Students who do not take the applicable exam shall receive the same numeric value for the grade the student receives in the course as if it were a non-AP or IB course.

DESE shall approve additional courses, including other accelerated learning courses, for weighted credit if the course:

- a. Exceeds the curriculum standards for a non-weighted credit class;
- b. Meets or exceeds the standards of a comparable accelerated learning course; or
- c. Is identified by DESE as an honors class.

For career and technical education courses taken after July 1, 2023, career and technical courses that are eligible for weighted credit are those career and technical education courses that:

- Exceed the curriculum standards for a non-weighted class; and
- Lead to an approved industry-recognized certification or concurrent credit.

A student shall receive weighted credit for each approved career and technical education course upon the student:

- Completing the relevant career and technical pathway; and
- Earning the high-value industry credential aligned with the career and technical pathway.

A student who transfers into the district will be given weighted credit for the accelerated learning courses and other courses approved by DESE and DCTE for weighted credit that were taken for weighted credit at the student's previous school(s) according to the preceding scale.
