Mrs. Cunningham ccunningham@nemo.k12.ar.us

Mrs. Farris: Math

- Next week in math, we will finish our unit on volume! Students will complete a quiz on Monday, in which they will break apart shapes into prisms to find the volume of each piece.
- They will complete their test on volume on Wednesday. Study Guides have been completed and sent home by students.

Mrs. McKissen: Literacy and Social Studies

- We will be starting realistic fiction and revising, finalizing, and presenting our personal narratives. If your child has spelling or vocabulary words in their binder they will not be directly tested over those, but need to know them.
- Please encourage your child to read every night.

Mrs. Cunningham: Science

- In Science we have been learning the safety rules that must be followed in a Science lab and the different types of tools that are used in Science.
- Next week we will begin our Amplify Science curriculum. Our first unit will be over the Patterns of the Earth and Sky.
